Advance-Nilfisk Parts - Think about how tiresome it would actually be to tidy up your home after throwing a big party, without help from cleaning machines. Before, the time carpets and upholstery had the dust beat out of them manually; cleaning cloths, brushes and brooms were the best cleaning materials back then.

P.A. Fisker, the man who founded Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Establishing the business in 1906, he began to produce motors so as to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's dream from the beginning was to have an international business selling merchandise internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a incredible, ground breaking vacuum cleaner that could be operated by a single individual for the reason that it just weighed 17.5 kilos! This creation came in a time where many cleaning equipment were massive and required at least 4 operators, thus, the Nilfisk C1 changed everything and developed the manner we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning equipment provide a brilliant solution to an existing problem; stuff get dirty and must be cleaned frequently, without a lot of effort.

Slowly, the business Nilfisk-Advance developed through the years. During the early 1980's the business grew fast when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the business, aspiring to be an active international player in producing professional cleaning equipment. Nilfisk-Advance is presently found in all parts of the world by steadily obtaining numerous small businesses to be able to expand their product range and presence in new markets. They are proud to provide a variety of cleaning solutions to meet each need.
