

## Ingersoll Rand Forklift Parts

Ingersoll Rand Forklift Parts - Offering solutions, services and products so as to ensure efficiency and to increase the productivity within residential, industrial and commercial environments, Ingersoll Rand is very proud provider of products that help improve the security, health, safety and comfort of people all around the world.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman makes refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, building and contracting services, parts support and advanced controls for both commercial buildings and residential homes.

The Industrial Technologies sector of Ingersoll Rand offers products and solutions so as to enhance productivity, operations and energy efficiency for their clients. The range of products in their line include: tools and pumps, and material fluid handling systems to complete compressed air systems. They have even developed Club Car, the worldwide leader in utility and golf vehicles designed for companies and individuals.

Trade names like for example Schlage and Trane deliver residential solutions which provide efficiency, comfort and safety to home owners across North America. Their innovative products include electronic and mechanical locks, indoor air quality solutions, heating and air conditioning systems, portable security systems, advanced controls and remote home management.

Ingersoll Rand' Security technologies provide products which ensure productive, secure and safe environments. This division's market leading products comprise floor and door closers, portable security devices, exit devices, electronic and biometric cabinet hardware, access control systems, steel frames and locks and doors, decorative hardware and locksets. Recognized brands like for instance Schlage also offer personal, time and attendance scheduling systems.
